In April of 2000 Toyota revealed the first-ever Highlander, a new class of midsize SUV built on a platform that was shared with the Toyota Camry. With car-like handling, an elevated ride height, and spacious SUV versatility it quickly became a popular model in the Toyota lineup. For 2025, Highlander celebrates its journey with a

stunning Highlander Hybrid Limited 25th Edition model. This exclusive special edition showcases many of the best features available in the Highlander family. Built off the Hybrid Limited AWD grade, it raises the bar on style with unique exterior features that include a brand-new exterior color for Highlander, new interior color, premium specs, and an efficient Hybrid Electric Vehicle (HEV) powertrain.
